---

**OBJECTIVE:** Obtain an entry-level position as a Software Engineer where I will use my Computer Science knowledge and interpersonal skills to further company growth.

## EDUCATION:

**California State University, Long Beach – Long Beach, California**  
**Bachelor of Science in Computer Science**

**Expected Graduation: May 2020**

**Skyline Community College – San Bruno, California**  
**Attended: August 2014 – May 2017**

**Transferred: May 2017**

## RELEVANT COURSES:

- Algorithms and Data Structures
- C++ for Java Programmers
- Database Fundamentals
- User Interface Design
- Computer Architecture and Organization
- Intro to Software Engineering
- Digital Logic and Assembly
- Probability and Statistics Computing
- Discrete Structures and Computing Applications
- Object Oriented Programming and Data Structures
- Intro to Computer Security
- Operating Systems

## TECHNICAL/NON-TECHNICAL SKILLS:

- Microsoft Word, Excel, PowerPoint
- Java, C++, JavaScript, HTML, CSS, SQL, C, Python, MIPS
- Atom, Eclipse, NetBeans, Xcode, PyCharm, Sublime Text, GitHub
- Linux, MacOS
- Active Listening
- Attention to detail
- Project Planning
- Ambition
- Collaboration
- Time Management
- Team communication
- Reliability

## PROJECTS/RESEARCH:

### Scheduling System

**Team Member**

**August 2018 - December 2018**

- Created an outline of a school scheduling system and how its features can be useful for colleges to use.
- Although not fully functioning, features included: logging into an account, scheduling appointments for students and tutors, sending notifications via email, and storing all the data into a database.
- A presentation was prepared and presented at the end of the semester.

### ISA Instructions Manual

**Team Member**

**October 2018 – December 2018**

- With a partner, implemented about 15 SIMD Enhanced MIPS Instructions using the MARS Simulator.
- Created very detailed documentation in the form of an Instruction Manual explaining each SIMD Enhanced MIPS Instruction we had designed and implemented.

## EXPERIENCE:

### Alvah Contractors, South San Francisco, CA

**Administrative Assistant**

**July 2014 – July 2015**

- Assisted in the remaking of the company safety manual.
- Organized job packets that had instructions and descriptions of specifications and tasks necessary for job sites. Lineman Team Leaders would use these job packets as a reference for when they work at the job sites.
- Managed office supplies for the workplace.

### PetSmart

**Cashier/Sales Associate**

**January 2017 - July 2017**

- Responsible for greeting customers, answering any questions, helped customers locate items, provided recommendations for products
- Operated scanners, cash registers, and completed online orders
- Recognized as employee of the month for selling puppy guides, a coupon book that contains many deals for items necessary for a puppy to have.

## ACTIVITIES/AWARDS:

- Pilipino American Coalition
- Dean's List
- Member
- Recipient
- January 2018 - Present
- August 2017 – December 2017
